I just wanted to let you know how much I appreciated your quick turn around of my order for 1000 full-color mouse-pads. They arrived at my hotel a day early for the trade-show and were a hit with my clients!

I will be happy to recommend you to anyone looking for a cost-effective, colorful promotional item! Thanks again.

It's only because I'm sure you have seen it that I don't send you one of these mouse pads to show how well they turned out. They look fabulous.

Your careful mothering of the proofing process resulted in just what we wanted and more...and ahead of time.

It's great to see the finished result. The print came out very clear, and the color scheme makes the mouse pad really stand out. The pad looks so nice it's a shame to cover it up with a mouse! Thanks again for your help and expertise.

I'd just like to extend to you our appreciation in a tremendous job well done. Not only did you meet the sudden deadline we required, but you also were able to create a quality product.

I did not think it was possible for a company to deliver 2,500 custom art mouse pads in 6 business days (actually, 3 - not counting delivery of final art) to our conference site, but you proved me wrong.

We have since received countless comments of praise regarding the mouse pads, and I'm sure they were the talk of the trade show.

Your expertise in this field made what should have been an extremely stressful project, a pleasant one. We look forward to doing business with you

again, and your services will always be highly recommended should colleagues require similar needs. Thanks again for a great job!

We're very happy with the pads. Thought I'd forward a message from an overseas colleague.

"Dirk, they are fabulous! How many do you have and how many will be sent to us?"

Thank you for the excellent work on our mouse pads. Everyone in the office wanted one and I proudly give them to clients because they have a high-quality feel and the printing on them is first rate.

You and your staff were very helpful and thorough with our order, as well.

I'm putting your information in my Palm Pilot for future reference.
